

NATURAL

REVOLUTIONIZING THE DECKING INDUSTRY

If you're looking for ground breaking technology and design in outdoor surfacing and wear protection, Natural has the same UV protection, waterproofing, walkability, and green properties as our other product lines. Stunning high definition prints, lay flat and straight Guardian fiberglass core, scuff protection, and double the nearest competitor's slip resistance. With color saturated, realistic patterns of wood grain and stone, and other features of "Real Technology", you get superior protection in the most sought after styles.

LIMITATIONS

Do not allow Dec-Tec membrane to come into contact with any incompatible materials, such as: bituminous based roofing and waterproofing products, oils, solvents, sealants, etc. Do not install Dec-Tec over on-grade concrete slab applications. Do not install Dec-Tec on substrates with less than 2% slope.

FEATURES:

- Real Technology
- Superior wear protection
- UV protection, waterproofing and walkability
- High definition prints
- Double the slip resistance of similar products
- Internal fiberglass reinforcement
- Excellent vinyl to vinyl weldability
- Membrane flashings can be created in the field
- Will not propagate flame
- Meets ULC-S107 / UL790 criteria
- UV stabilized and Anti-microbial
- 10 year limited warranty on 60 mil membrane
- 76" in width
- Color(s): Classic Grey, Weathered Oak, Flagstone

PACKAGING:

- Single Rolls at 76" x 50'
- Single Rolls at 76" x 100'
- Single Rolls at 76" x 300' (max roll size for 3 roll rack)
- Master Rolls at 76" x 600'
- Cut to size

TECHNICAL NOTES:

- Virtually no maintenance required - Washing and removal of leaves and debris as necessary
